

Welcome

**1st International Congress on
Clinical Research with
Biopharmaceutical
Products**

Oct 20-24

**Meliá Internacional Varadero,
Matanzas, Cuba**

We are pleased to invite you to attend the **1st International Congress on Clinical Research with Biopharmaceutical Products, Clinical Biopharm 2025**, which will take place from October 20 to 24, 2025, at the Meliá Internacional Varadero Hotel, Matanzas, Cuba.

It will be a space where clinical specialists, scientists, businessmen, and opinion leaders will exchange their experiences and update their knowledge on clinical research involving innovative therapeutic products. The program will include a broad scientific focus on advances in oncology in the prevention, diagnosis, and treatment of cancer; research into interferons, cytokines, and other biopharmaceuticals; and clinical evaluations in autoimmune, cardiovascular, neurodegenerative, and cerebrovascular diseases, among others.

On this occasion, three symposia will showcase results of scientific and social impact resulting from the clinical development of biopharmaceutical industry products:

Symposiums

- 1 Clinical applications of interferons
- 2 Advances in Clinical Cancer Research. 1st National Workshop on Clinical Cancer Research with Biopharmaceutical Products
- 3 Advances in clinical research of biotechnological products for the management of chronic non-communicable diseases

We look forward to your valuable presence at Cuba's most famous resort to promote the advancement and development of scientific research in these fields.
